

ELEMENTALS

Periodic Table Word Game.

Form thousands of words using one- and two-letter chemical symbols. "Heat" is spelled with two tiles: [He] and [At] or "corn" [Co][Rn].

Two or more players compete to make words, scoring them using atomic numbers. Over 10,000 words can be made from the elements.

Players

2-4

Ages

10+

Time

20-40

118+ lasercut wooden tiles in a tray that can also be a puzzle.
