Collect Words

Deep in the Lexis Sea, a volcano on the island of Spellandia spews myriad letters to be collected by its islanders and sold as words.

Drop multi-letter tiles. Spell words from adjacent letters. Move islanders. Score points on your ever-expanding island.

Winner has top score once all tiles have been placed.

Players start atop the volcanic island, placing letter tiles to expand the island, looking for words.

Player 1 lays a tile such that the word "PARK" is formed, moves to the last letter, scores four points.

Player 2 lays their tile, scoring four points for spelling "NECK", moves their token to the "K".
