SCRABBLE EMOJIS GOAL

In this solo game, decode the words represented by EMOJI symbols.
Each symbol hides a letter. Assemble the letters in a secret word.
Words are hidden left to right in each row.

SET UP

Print a game board for each player.
Grab the SCRABBLE® tiles shown on the game board.

GAME PLAY

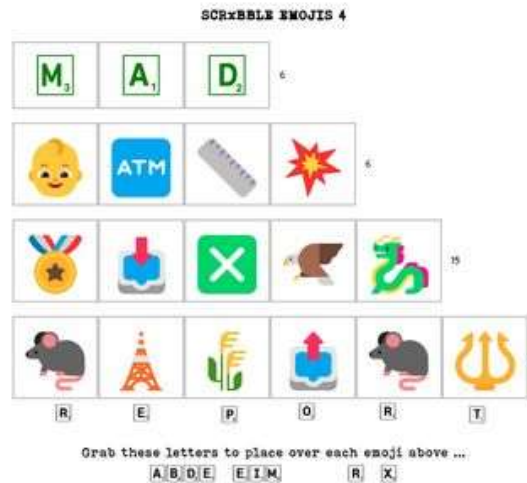

Examine each emoji to determine possible words that describe it.

Not only the actual item, but also a descriptive attribute.

Attributes include: Sweet, Sport, Dangerous, Rodent, Mammal, Bird, Reptile, Plant, Food, Job, Fruit, Colors, Vehicle, Pet, Device, Clothing, Insect, Shapes, Vegetable, Location, Tool, Metallic, etc.

Place a matching letter over the emoji.

In this example, the EAGLE could match "E", but also "B" for bird, "W" for WINGS.

The number at the end of each row is a clue to the total value of the letters in the hidden word.
